

Walrath Appointment Confirmed

County Board Has Busy Session

LISBON — The Columbiana County Board of Education Monday night confirmed the employment of Vernon A. Walrath of East Liverpool as vocational education program supervisor for seven school districts.

He will begin work Aug. 1 on a 12-month contract at \$9,000, plus \$400 for travel. He will supervise vocational education in Lisbon, Leetonia, Columbiana, East Palestine, Fairfield-Waterford, United and Beaver school districts.

Half his salary and \$300 travel will be paid by the state. The other half and \$100 travel will be pro-rated among the participating districts. Other districts may join the program.

A COMMITTEE representing the seven districts interviewed applicants and tentatively hired Walrath July 7, subject to the County Board of Education's approval, since it is the only board with authority to hire a specialist for several districts. Walrath will work out of the county office at Lisbon.

He has been coordinator of East Liverpool's diversified cooperative training program since 1962. He was in the Crestline school system before that and formerly taught at Bolivar in Tuscarawas County.

The meeting was 30 minutes late getting started because County Supt. James L. McBride, Allan G. Chamberlin, board president, and Mrs. Freeman Strabley and Donald Elliott

were at the Courthouse awaiting an audience with the County Board of Health.

They wanted to ask the health board why it curtailed the health department physical examinations for school bus drivers and immunization clinics for pre-school children. The school people said they were not called on and finally had to leave to hold their own meeting.

AT THE school board meeting, McBride read a letter of explanation from Fred Johnson, health board president, in reply to a letter McBride wrote to Dr. M. K. Singer, county health commissioner, regarding the reduction in services to the schools.

Johnson wrote, "Pre-school clinics as conducted in the past were somewhat less than satisfactory. The board believes our present program of clinics held in the office of the health department each Tuesday and Thursday from 8:30 to 11:30 a. m. is more effective. As for school bus driver examinations, our department does not have the facilities or the personnel to conduct the prescribed examination formulated at the state level for use by local boards of education."

Johnson noted that the health department budget has dropped from \$75,770 to \$49,413 from 1957 to 1967. "In spite of this reduction in operating funds," he added, "we are providing the people of Columbiana County general health district a better

health program today than they were getting 10 years ago."

The president's letter included an invitation to attend Board of Health meetings on the third Monday each month.

Roland Dorr of Kensington, president of the United Local Board of Education, stopped at the county school board office to report on his visit last night to the Board of Health. He said the board's explanation of the curtailments was the same as Johnson gave in the letter to McBride.

Dorr suggested that the subject be discussed at the next combined boards of education session and that the county board consider inviting Dr. Singer and the Board of Health members.

MCBRIDE read a letter from the State Highway Department in answer to the county board's request, at the suggestion of Fairfield - Waterford district residents, for an overhead bridge on Fairfield Township Rd. 880 (Cherry Fork Rd. 9, west of the Valley Golf Club, over proposed State Route 11.

R. E. Shultz, deputy director, of the division of design and construction, said detailed plans have been completed for Route 11 in this section of Columbiana and Mahoning counties and provide for the closing of T. R. 880 at the proposed S. R. 11."

"It is our opinion that conditions do not warrant the additional cost of a grade separation at this location," Shultz

wrote. He said such expense "can only be justified for roads carrying large volumes of traffic."

He said it is the Highway Department's intention to petition the Columbiana County commissioners to comply with the proper proceedings to close T. R. 880 at proposed S. R. 11. The board studied a 36-name petition addressed to the Fairfield - Waterford school board and the transportation coordinator of Region 28.

Petitioners state, "The public safety and welfare of our children will be in jeopardy by the use of the Pennsylvania Railroad grade crossing with Fairfield Township Rd. 790 (Beeson Mill Rd.) about one mile east of Leetonia by buses of the Fairfield - Waterford school district."

They request "that under no circumstances shall public school conveyances of Fairfield-Waterford school district use or pass across said railroad crossing."

Chamberlin and Don Rupert, county board members residing in the Fairfield - Waterford district, said school buses have not used the crossing in years, but tentative plans are to route buses across it next school year.

Mrs. Strabley, a Salineville resident, and Rupert, a New Waterford farmer, said they expect to run for another four-year term Nov. 7. Mrs. Strabley is completing her 10th year on the board, while Rupert is completing his first term.

Valley Hospital, Steubenville, for treatment and are being detained by Steubenville police.

Sheriff's deputies said the two pried loose a defective bar to break out of their cell, then jumped from the roof of the Courthouse to make good their escape.

Authorities said the bar on the cell had been broken years before and only painted, but never repaired. After the pair got out of the cell, they apparently used a stairway adjoining the Courthouse to climb to a roof and jumped off and fled into a nearby wooded area.

Roadblocks were set up on Route 2, north and south of New Cumberland, on Hardin's Run Rd. and on numerous dirt roads in the area.

Deputies said Follansbee Police Chief Sam Davis provided the searchers with a trained police dog.

Both youths are charged with four counts of breaking and entering in connection with numerous robberies in the New Cumberland area the last few months. They were being held in lieu of \$3,000 bond for the September term of the Hancock County grand jury.

In addition, the two are wanted by Beaver County officials for questioning in connection with the breaking and entering of the Sportsman's Club in Greene Township near Hookstown.

The youths' mother, Mrs. Betty Brown, 43, of Hardin's Run Rd., is free on \$2,000 bond charged with concealing stolen goods and property. She also has been bound to the grand jury.

It was the second time within a month inmates have broken out of the jail. On June 15, two others slipped past a guard and went out through the sheriff's office.

Thomas Lawrence Durbin, 19, of East Liverpool, serving two years for forgery and auto theft, and John Peter Seay, 41, of Pittsburgh in jail for life on a 1958 conviction for rape, remains at large.

Only three inmates now remain lodged in the jail.

Damage Put At \$300 In Chester Accident

About \$300 damage resulted from an accident in Chester Monday night.

Chief Audley Campbell said an auto driven by Dewey Gray of East Liverpool struck the rear of a vehicle driven by Clarence Rose of Windber, Pa., about 7:45.

Reportedly, Gray identified himself to Rose and then drove off before Patrolman Joseph (Bill) Cornell arrived at the scene.

The accident occurred at Virginia Ave. and 1st St.

Mrs. Myers Replaces Late Husband

First Woman Appointed To Beaver Local's Board

Mrs. Lois Myers, widow of the late Lee Myers, who until his death July 4 was a member and vice president of the Beaver Local Board of Education, was named to fill her husband's post at the board's regular monthly meeting Monday night. Her term will run until the organizational meeting next January.

Mrs. Myers is the first woman appointed to the board in the history of the school district. She operates Carroll's Market on the Calcutta - Smiths Ferry Rd.

MRS. MYERS was presented a resolution of respect from the board for her husband's services.

Clayton Aughinbaugh, board president, appointed Mrs. Myers to the transportation committee.

Paul Dailey of Apples Corners was elected vice president. He has been on the board 14 years.

In other business, Mrs. Susan Starkey of East Liverpool was hired to teach third grade at Calcutta Elementary School and Mrs. Katherine Devin of East Palestine as a second - grade teacher at Rogers Elementary.

Miss Emily Ray, the Calcutta teacher, has accepted a post in New Orleans.

Mrs. Suzanne Clifford resigned because she is moving to Meigs County.

The board approved application for \$398 in Title III funds to purchase a television table, three sections of library shelving and a wall map.

A bid from the O.S. Hill Co. of East Liverpool was accepted for two International 66 - passenger school bus chassis at a cost of \$4,489. The other bid received was from Wimmer Motor Sales of East Liverpool, offering two GMC chassis at a cost of \$4,595. Application will be sent to state officials for approval.

Cafeteria prices in the public and high school buildings were raised 5 cents, to 35 cents per meal. A different menu will be offered for the older students and prices will remain unchanged in the elementary buildings.

The board adopted a resolution to cooperate and participate in a seven-district vocational instruction plan. Other school districts are Fairfield - Waterford, United Local, East Palestine, Columbiana, Leetonia and Lisbon. Beaver Local will bear one-seventh of the cost of a vocational instructor and will

make its vocational facilities available to the other six.

The action will bring Beaver Local into compliance with a state law setting the deadline on provision for vocational education as September 1968.

The board adopted a resolution protesting a 42 per cent cut in Title III N.D.E.A. funds for submission to Rep. Wayne L. Hays.

Resolutions will be forwarded to State Rep. Clarence Wetzel and Sen. John Longworth favoring Senate Bill 350 - the school foundation bill.

The next meeting will be Aug. 7.

Local Adelines Join In Event Of Carrollton Group

Seventeen members of the East Liverpool Chapter of Sweet Adelines, Inc., attended the inter - chapter party of the Carrollton Chapter Monday night at Carrollton.

The event marked the fifth anniversary of the group instituted in 1962 under the guidance of the local chapter.

Mrs. June Stalker, immediate past president, gave a resume of the history and achievements.

The program included the presentation of the novice award to "The Tall Misses" of the Carrollton Chapter, who won the honors during spring competition in Pittsburgh.

The presentation was made by the Cleveland East Suburban Chapter quartet "The Ski Hi's," the 1966 winners.

Chorus selections were presented by the local group, under the direction of Mrs. Nancy Beaver, along with the groups from Akron, Canton, Sebring, Youngstown, Carrollton and the Magadore Chapter, a newly - formed group near Akron.

is \$1,266,479, including \$522,208 for the police department and \$744,271 for the fire department. The transfer of assets gave the state \$147,629.49 from the police pension board and \$23,057.43 from the fire pension board. That left a net liability of \$1,098,700.78, including \$374,487.21 for the police department and \$721,213.57 for the fire department, his letter said.

Zollinger commented that current levies yield a total of \$26,000 a year for both the pension funds, less than half of what the state says is due on the principal under the new arrangement.

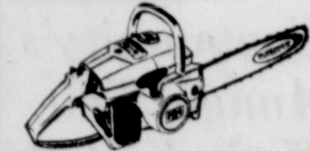

In the previous report given the city, the state agency did not take into account the value of the assets transferred from the pension boards.

Kropp's letter said in part: "Earlier, you received a statement prepared by the Wyatt Company, actuaries, of the present value as of April 1, 1966, on the liabilities on account of policemen and firemen in the active service of your municipality and on account of the pensioners and those receiving benefits on the rolls of the local pension fund."

"Such statement reflected your municipality's gross accrued liability before deducting therefrom pension fund assets on hand plus any accrued interest on assets through Dec. 31, 1966. The purpose of this letter is to certify to your municipality the net employer's accrued liability which resulted after deducting the remitted local pension fund assets, plus interest through Dec. 31, 1966."

Board Receives
10 Resignations
And Appoints 17

The resignations of nine teachers and a cafeteria manager were accepted and 17 appointments were approved by the Board of Education Monday night.

Teachers resigning were Jay R. Williams, Ronald B. Evans, Vernon A. Walrath and Robert G. Dawson, high school; Raymond H. Goodman and Miss Margaret Kinsey, junior high, and Mrs. Ruth Okazaki, Mrs. Raffaella Harrington and Mrs. Susan Starkey, elementary.

Mrs. Helen Trotter resigned as manager of the Westgate cafeteria. She plans to retire. She had served as manager since the cafeteria was opened in 1956.

Mrs. Eileen Deyarmon was advanced from assistant to cafeteria manager and Mrs. Jane Newtewick was appointed assistant. Mrs. Mary Clendenning, who had been a substitute, was named a cafeteria worker.

PAUL HRUSKA was appointed assistant high school football coach. He taught at Westgate last year. Stanley Michael Grzebenowsky Jr. was appointed head football coach at Westgate, where he will teach general science.

Don Dale Foutze was named assistant football coach at Westgate. He will teach physical education.

Others hired were David E. Harris, Mrs. Gladys Hyder, Mrs. Patricia Frost and Charles Fazzone, high school instructors; Mrs. Carol Ann Heizer, junior high English, and Miss Joan Flora, Paul Boggess, Dennis Anthony, Mrs. Alice Simmen and Mrs. Alma Kelly, elementary teachers.

Harold West was named ticket manager for the high school. Fazzone will teach machine shop at the high school under an Ohio Trades and Industrial Arts program. Mrs. Heizer, Miss Flora and Anthony all are former graduates of East Liverpool High.

ADDITIONAL summer school teaching assignments were approved. They include Miss Leslie Erwine, Robert McMahan, Donald Rogers, Miss Susan Smith, Miss Paula Stanyard, William Riley and Herbert Hackney.

The board voted to grant a high school diploma to Ronald B. Fetty of East Liverpool, who has completed the necessary credits and passed specified examinations.

Three requests for students to attend Beaver Local Schools were approved. They were from Mr. and Mrs. Stanley Skeens of Stagecoach Rd. for their daughters Peggy and Julie; Mrs. Edward Welch for her two physically handicapped sons, Edward and Jeffrey, and Mrs. Edward Ring of Annesley Rd., Glenmoor, for her son Mark.

The Skeens family resides in the city school district, but in an area not reached by any city school bus. Mrs. Ring will pay for her son's tuition. The board will pay for the others. Rental of Westgate auditorium to the Wellsville Jaycees Nov. 24-26 was approved. The Jaycees will present the annual Columbian Junior Miss Pageant. The charge will be \$30 and custodial fees for rehearsals and \$75 and custodial fees for the night of the pageant.

THE BOARD discussed rental of the auditorium and said requirements will have to be tightened. It was explained there had been some smoking inside the building during preparation for one event. State law prohibits smoking inside a school. No food or liquid refreshments will be allowed inside the auditorium itself.

A discussion was held on how school district boundaries are established. The board agreed to attempt to learn the procedures used, since in some cases geographic conditions create a hardship for the district.

The Rev. William L. Mautz offered the opening prayer.

Richard Smith, board member, commended the band on its performance in the Fourth of July parade at Midland and commented that he was "pleased with the activities of the Key Club." Key Club members have been working at Patterson Field. Smith said the field area "looks the best he can remember."

Youth Gets Detention
In Auto Theft Charge

LISBON — A Salem youth, 17, admitted a charge of auto theft Monday in Juvenile Court and was ordered to spend three months in detention.

Judge Louis Tobin continued until Aug. 1 a hearing for two other 17-year-olds from Kensington and Hanoverton, charged with taking the same car. Their parents said they will employ counsel.

Authorities said the Salem boy took the car July 12 from the parking lot at the A. & P. Market in Salem. The other two are accused of taking the car a couple of days later.

ployes, \$900 (\$900); transportation of teachers, \$132 (\$132); transportation of maintenance employees, \$575 (\$600); advertising, \$250 (\$200); freight, \$50 (\$25); hauling trash, etc., \$600 (\$750); employees' expenses at professional meetings, \$1,000 (\$800); other, \$1,000 (\$1,200).

FIXED CHARGES — Insurance, \$8,000 (\$5,300) and other fixed charges (general rent), \$840 (\$840).

CAPITAL OUTLAY — Improvement of sites, \$1,500 (\$400); landscaping \$2,000 (none); equipment — old buildings, \$2,500 (\$2,000); equipment — offices, \$1,000 (\$65); equipment — audio-visual, None (none); motor vehicles, None (none).

Employees' retirement system, \$26,000 (\$27,400); teachers' retirement system, \$180,000 (\$174,886); workmen's compensation, \$4,300 (\$4,100); election expenses, \$6,500 (\$5,000); disabled workmen's relief, \$500 (\$483); auditor and treasurer fees, \$30,639 (\$28,247); advertising delinquent lands, \$235 (\$215); state board of education, \$2,700 (\$2,605); state examiner, none (\$1,100).

TRANSFERS — ROTC Teacher, \$13,300 (none); C-1 material \$500.

The general fund covers all operating money. Other funds listed cannot be changed by the board. The total of all funds is \$5,660,819. This includes money from bonds being used for construction of new schools. It also includes money from levies and the lunch room fund, which is a self-supporting program.

The other funds follow: BOND RETIREMENT — Bonds maturing, \$265,000 (\$265,000); interest on bonds, \$129,956 (\$136,450).

LUNCH ROOM — Managers' salaries, \$6,000 (\$22,000); cooks' salaries, \$18,000 (\$40,000); supplies and food, \$49,000 (\$5,000); equipment, \$563 (\$700); repairs to equipment, \$150 (none); other, \$1,700 (\$4,000).

Improvement fund No. 1, \$28,000; improvement fund No. 2, \$50,000; night school, \$540; federal funds, \$121,000; workbooks, \$8,510; other, \$80; repairs and maintenance, \$65,000; and project No. 491, \$2,300,139.

Project No. 491 funds were not included in the budget figures last year, which accounts for the big hike in the total of all funds. The figure is included on the reports presented to the county auditor's office, but does not necessarily have to be included on the public budget report.

The total of all funds last year was \$3,050,859.

THE BOARD went on record endorsing the proposed House bill establishing the new foundation program and will send letters to State Rep. Clarence Wetzel and State Sen. John Longworth. Interested persons also are asked to write.

Miss Kathryn Liebschner, clerk, said the budget was figured on the anticipation of \$240,000 from the foundation program and \$186,000 from the proposed levy. It also was figured on a 100 per cent tax valuation, while the actual appropriation is figured on 97 per cent.

The major changes were in salaries, texts and library books, she reported, pointing out the board must show the need for the money in the budget in order to be allowed to appropriate funds.

Retirement figures are not in line with the salaries as payments are always a year behind.

In other action, the board designated the First National Bank and the Pottery Bank and Trust Co. as depositories for school funds for a period from Aug. 1 through July 31, 1969.

Miss Liebschner presented the financial report to date showing general fund, \$69,791; bond retirement, \$10,108; lunch room, \$9,726; Improvement Fund No. 1, \$3,000; Improvement Fund No. 2, \$9,042; MDTA, \$244; night schools, \$186; uniform supplies, \$50; repair and maintenance, \$80,878; federal funds, \$36,908; and Project No. 491, \$289,497.

She also reported that the district had paid \$64,820.23 to the Ohio Department of Education from a half-mill levy approved to pay back money loaned by the state for construction of schools. The levy will be in effect for 20 more years.

tion was \$67,000. Of this, the board received \$46,000 from the state, based on the formula of \$14 per student and \$22 per mile each bus traveled.

The board pointed out the survey also established lines to follow when the new schools are completed. The survey made by the state cost the board only the necessary paper used and the required time of a secretary to assist in the book work.

All members of the board agreed to accept the state's recommendation. Harry McConville, board member, was absent, but others said he earlier had concurred with the action.

The Air Force said the pilot was missing. Radio Hanoi claimed two U.S. planes were downed Monday and one pilot taken prisoner. The U.S. Command reported 134 missions were flown over North Vietnam despite spotty weather that covered many target areas.

The frequently hit rail line northeast of Hanoi to Red China was hit at Kep and at Bac Le. Pilots reported many cuts in the rails but were unable to give further damage assessment because of smoke and dust.

Navy pilots from the carriers Oriskany, Constellation and Bon Homme Richard also concentrated on North Vietnam's rail lines. One flight from the Oriskany sent up a billow of flames and smoke from a fuel dump at Don Son only 13 miles northwest of Haiphong.

been costing the board approximately \$20,000 a year.

The state advised the board to adopt policies on pupil transportation and submitted examples to follow as guides.

Combs said the state will be willing to pay 100 per cent of the cost of three of the buses owned by Snyder and 61 per cent of the remaining 11 buses.

Rataiczak said the buses have been appraised and found in "excellent condition" and commented that he had "allowed top dollar" for their purchase.

Eleven of the 1965 model vehicles were appraised at \$5,000 each and a 1959 model was valued at \$900.

THE BOARD currently owns three buses. This would make a fleet of 14. Thirteen are needed daily. One would be retained as a spare.

Rataiczak also established the routes and the necessary stops for picking up and discharging pupils. Under the proposal, the students, in most instances, will spend less time getting to and from school.

New time schedules for classes will have to be established. But, the board pointed out it will be able to haul students living a mile or more from school. Under cutbacks made last year, the two-mile limitation was placed into effect and students had to pay for transportation.

Blair pointed out that Charles Snyder, owner, had indicated he is willing to sell the buses.

Before the curtailments went into effect, the cost of transport-

Crucible Hits
At Decision Of
Illinois Court

PITTSBURGH — What Nevada is to divorce seekers, Illinois will be to stockholders suing out-of-state corporations.

So charged officials of the Crucible Steel Co. today in a new attack on repeated postponements of its annual stockholders' meeting which have resulted from decisions by the Illinois Supreme Court.

The Illinois court, according to Crucible, is being used as a "cat's paw" by two Illinois stockholders who illegally have enmeshed the courts of that state in their battle with Crucible management.

"This is one of the most important cases ever decided in this court," according to a Crucible spokesman. The petition states, "if the majority opinion is allowed to stand . . . it will have a far reaching effect . . . upon the standing of this state in the national business community."

Crucible announced its decision to ask for rehearing of the facts after three of the court's seven Justices filed a strong dissenting opinion, June 30, staunchly upholding an earlier Appellate Court decision and stating, "Illinois has no connection in this case" against the Pennsylvania - headquartered and New Jersey - chartered specialty steel company.

Supported by that opinion and the law of the leading U. S. Supreme Court decision, Crucible argues that although Illinois is not the proper forum, either Pennsylvania or New Jersey could and should have jurisdiction.

Finally, it is charged in the latest Crucible petition that the actions of the Illinois courts have denied the company and its stockholders the rights of due process under both state and federal constitutions.

Two Get \$41,000
From Owner Of
Pittsburgh Club

PITTSBURGH — Two gunmen operating like pros took \$41,000 at gunpoint from a night club operator Monday, authorities said.

Anthony J. La Gattuta ran into two drawn guns after climbing steps to an apartment above the nightclub in suburban Brentwood, the district attorney's office said.

LaGattuta said he had taken the money from safety deposit boxes in two banks to close a deal for the purchase of another night club in Brentwood.

LaGattuta handed over an envelope containing the money and a lease, he said, then one bandit ran down the steps while the other stayed with him. A car horn honked, he said, and the gunman still with him said, "stay here or you'll get hurt." The second bandit then dashed down the steps.

LaGattuta was convicted in 1965 for violation of state liquor laws and operating a disorderly house. Last year, he was arrested on a charge of keeping a house of assignation at the After Five Club, also called the Playboy Room, in Pittsburgh.

Wellsville Police
Report Mishaps

An Irondale woman was treated for a shoulder injury Monday following an accident in Wellsville in which her auto was struck by a car which pulled suddenly from a side street.

Police Chief John Hephner said a 1962 sedan operated by Ethel Nelson, 34, of Box 142 was westbound on Main St. at noon when it was hit from the side by a vehicle driven by Arthur Dietz, 50, of 2202 Clark Ave.

Meanwhile, Wellsville police investigated an earlier collision on Main St. when an auto operated by Carl E. Flenny, 43 of Oak Hill, Ohio, was struck by a sedan driven by Donna L. Henthorne, 20, of 311 2nd St., Wellsville. Reports said the Henthorne car pulled out from the curb.

Somebody Missed A Signal

A railroad strike that nobody wanted over issues that weren't clearly defined because Congress was playing politics with basic transportation at a time when a military logistics problem was acute is not a pretty picture.

Congress was stalling when it should have been acting.

Nor is it a pretty picture when the only way work stoppages in the railroad industry can be averted is by congressional intervention. There is no such thing in the railroad industry as free and independent collective bargaining.

Contracts with railroad workers, like the affairs of railroad management, are made under the beady eye of the federal government. Problems that would be negotiated between workers and managers in other industries are tackled by Congress and legislators in the states where they are subject to the rules of political settlement.

Chief rule of political settlement is that nothing must be settled according to a clear-cut point of view.

Everything must be put between the grinding stones of political compromise.

No one must get everything he needs, much less everything he wants. Differences must be split. Palaver must be substituted for firmness. Time must be marked in the hope something will turn up.

This has not worked well for railroads and their employees.

Micawberism has not worked.

It has kept railroads in a condition of chronic discontent and confusion.

It has made the railroads' problems seem to lie beyond the understanding of the people whose understanding is needed.

In short, railroads and their employees are

among the first and surely among the most pitiable victims of misapplied political intervention in private enterprise.

They are a prime example of "how not to run a railroad."

S.S.D.M.H.N.H.W.

Many municipal officials in the East Liverpool area took special note of the recent merger of Squires, Sanders & Dempsey, Cleveland legal firm, with another law concern — McAfee, Hanning, Newcomer, Hazlett & Wheeler.

Squires, Sanders & Dempsey, which has done much of the municipal bond handling for communities in this district and throughout Ohio, is fairly well known. The other firm has been primarily engaged in corporate and general law work.

It was gratifying to learn the merged firm will retain the Squires, Sanders & Dempsey title, rather than link the names of both, a practice occasionally followed in legal circles.

Consider the poor clerk who would have had to read and write Squires, Sanders, Demsey, McAfee, Hanning, Newcomer, Hazlett & Wheeler. Or Councilmen and utility boards who would have to mouth that, or reduce it to S.S.D.M.H.N.H.W.

It is possible officials may have favored another firm had they been forced into the seemingly endless roll call or the alphabetical abbreviation.

Brevity of name, of course, is no standard for judging a financial or law firm.

Nor does the Quickie Security Co. or the James Bond Co. have the image of soundness and authority which Squires, Sanders & Dempsey projects in flowing rhythm.

Good fortune to you, S.S. & D. — and M.H.N.H. & W., wherever you are.

Take Away Their Wheels!

Whenever a driver who has lost his right to drive is caught driving in defiance of the law, the case for lifting auto license tags along with the driver license is beefed up.

A driver has been charged with second-degree manslaughter and driving under license suspension in connection with the death of a Stark County highway flagman last Saturday.

In instance after instance, autoists charged with serious offenses have no right to operate a car. They have lost it in legal proceedings.

So what happens?

They leave the courtroom and drive home. They scoff at the law.

It is not uncommon in Ohio for some autoists never to get a driver license at all. They figure if they stay outside the law it will be harder to crack down on them when they get in trouble.

We believe suspension of driver licenses for serious offenses should be mandatory. We believe traffic court judges should have less leeway.

We believe when an autoist loses the right to drive he also should hand over the license tags for his vehicle—to make sure he isn't tempted to drive it.

We believe no one should be sold license plates unless he can show a driver license. This would nip scofflaws at the starting gate.

We think there should be only one exception to the hard-and-fast rules for the protection of legally licensed drivers. In cases of extreme necessity, when a member of a grounded driver's household must use the car registered in his name, the car could be equipped with temporary tags of a distinct color and design, so police could stop it on sight and make sure it is being used only for the necessity it was licensed.

We are sure if these rules were in effect a lot of damfool things now being done routinely by scofflaw drivers in Ohio would stop.

As it is now, they have nothing to be afraid of. Driver license or no license, they can keep right on rolling as long as they have tags for their wheels. And that is precisely what they are doing.

One of them may be driving a car that will kill you.

Local Responsibility

The charge that the state would be cowardly shirking its responsibility if the Ohio Assembly granted counties certain permissive taxes is sheer nonsense.

This is not, as its opponents claim, a state tax dodge. It is a realistic, honest, intelligent tax policy.

Some counties do not need additional tax revenues as badly as others. A few may not need them at all.

Why should the state collect a tax, keep a percentage of it for administrative expenses and turn the balance back to the counties on any kind of a formula?

If a county needs more operating funds, the state should grant the authority, with carefully guarded limitations, to levy it against those to be taxed.

Let the counties which can demonstrate a need levy a reasonable tax (not pre-empted by any other local subdivision) on its own people. Let counties which have no need to be in a position to ignore it.

This is, as Finance Director Richard Krabacker puts it, truly returning local government financing to the people.

Purely Personal Observations

The only motorcyclist I know admits he is ashamed of the antics of hoodlums of both sexes who are turning the motorcycle into a symbol of lawlessness and irresponsibility.

I wonder what would happen in so-called "riots" if the looters, vandals, firebugs, snipers and bottle throwers were white instead of colored. I think I know. They would be shot in their tracks.

We have one of those dogs whose only trick is standing up on command. The rest of the time he is sacked out.

I have the impression left-handed girls must be kicking off all jobs in banks and offices lately. I never saw so many before, struggling to write things right in a world that writes from left to right.

I am baffled by the impulse of people to write poetry. The most difficult of the graphic arts is tackled with no hesitation by people who wouldn't think of trying to paint a picture.

There is more to do in the summertime than there used to be, but I will argue with anyone who says it produces more happiness.

The Long View

What's In A Name?

By Art Buchwald

WASHINGTON

As if there isn't enough trouble in the world, a British doctor by the name of Trevor Weston has just discovered that people are suffering from an "alphabetic neurosis."

He claims the people whose last names begin with the final eight letters of the alphabet, S through Z, have three times as many ulcers and three times as many heart attacks as those whose names begin with A to R.

Dr. Weston says he believes the reason for it is that the people at the bottom of the alphabet are always at the bottom of the list, always waiting for their names to be called. Since they first face this in school, the S to Z children are filled with anxieties that carry through to their adult years.

Art Buchwald

I WAS VERY skeptical of Dr. Weston's theory, so I decided to see if there was any basis for it.

I went into a bar and asked a man sitting on a stool what his name was. He looked frightened. "Why me?"

"Don't be frightened, sir, I'm just taking a survey for my newspaper."

"Stevens," he said, "George Stevens."

"Can I buy you a drink, Mr. Stevens?"

"I'm only drinking milk. I have a bad ulcer. It's killing me."

"That's very interesting. How did you get it?"

"Arkin and Blauvelt gave it to me. They're in my advertising agency, and they're out to get me."

"Why do you think they're out to get you?"

"They got Thomas, Unruh, Young and Vogel. I'm the only one left except for Zimbalest."

"Where's Zimbalest?" I asked.

"He had a heart attack, his third this year. God knows, I'll probably have one myself soon." He started biting his nails. "I didn't mean to shake you up so," I said.

"IT'S NOT YOU. I'm trying to get the courage to go home. You see, I was up for a promotion today and I thought I'd make vice president. Carstairs made it, Douglas made it, Eberhardt made it, Franklin made it, Gregory made it, Hofstatter made it, Iselin made it, Jacoby made it, King made it, Logan made it, Mankowitz made it, Nolan made it, O'Brien made it, Potter made it, Robertson made it, and that was it. They said there were no more v-p positions open."

"That's a shame," I said.

"I guess I can't complain. Tait, Upjohn, Verick, Washington, Xavier, Yale and Ziegenthaler were let go."

"Were they given any reason?"

"Allenby, the president, said they couldn't stand the pressure. They were always blowing up in front of the clients. Ziegenthaler thought everyone was out to get him, and they were."

"If you're under so much pressure, why don't you quit?"

"I can't. My kids are in so much trouble in school I need the job. Say, you're not a friend of Abernathy's, are you?"

"No, I'm not."

"That's good. I think it was Abernathy who gave me my second ulcer. Either him or Donovan. They killed Zilch, you know. Say, by the way, what kind of survey are you taking?" he asked.

"I'm trying to find out if the people whose last names begin with the letters S to Z are more insecure than those whose names start with A to R."

"Why, that's ridiculous," Stevens said, as he swallowed three tranquilizers. "What will they think of next?"

VICTOR RIESEL

Police Strikes Hurt Union

WASHINGTON — A blow-up picture of Boston cops walking out of their central headquarters onto the picket lines of the nation's first police strike (1919) hangs on the wall of the inner sanctum of a national union headquarters here.

It is right smack where it can be seen by Jerry Wurf—young, militant president of the public service employees—every time the phone rings and he "catches a squeal" from one of his affiliated police locals.

To "catch a squeal" in cops' parlance is to take a complaint on the phone. And since a policeman's lot is not a happy one, it can be presumed the phone jangles often.

But Mr. Wurf, one of labor's most accomplished orators, plances at the old strike photo and always positively prohibits any police, or deputy sheriff or prison officers local of the State, County and Municipal Employees (AFI-CIO) from striking.

Such walkouts are absolutely forbidden under the union's constitution on penalty of expulsion. And there is no reprieve from this law.

MR. WURF KEEPS the 1919 picture before him because he believes the Boston police strike not only hurt the citizenry of Boston but hit the American labor movement like a massive trip hammer.

Constantly he wants to be reminded of the folly of walkouts by law enforcement officers.

He looks at the photo more often, now that the nation's second police strike, called by some 1,000 Detroit cops last month, may have antagonized the public as did the fiasco of 1919.

Furthermore, there are rumblings of other possible police walkouts. Strikes could flare any day now in several Connecticut cities and in some Midwest states. The fever could be contagious. It is not only the cops who have a distinct distaste for riots illuminated by Molotov cocktails and flash fires.

But Wurf and his colleagues, who now head the fastest growing union in the land, are hold-

ing fast to their policy statements and constitution which says:

"... Prohibition on the use of the strike weapons by police and other law enforcement officers is, in this union, absolute. . . . We have placed in the charter of every local union which includes such officers the words: 'This charter is issued with the understanding by the parties . . . that it will be revoked immediately if the members of Local . . . who are employed as law enforcement, police, or penal officers call or participate in a strike or refuse in concert to perform their duties.'"

ONE OF THE UNION'S police locals did not take them seriously. On June 7, Local 379, Lockport, Ill., police unit, struck for 16 hours. They resigned en masse in protest against pay scales and working conditions.

The moment Wurf heard of the use of the strike weapon by police he suspended the local.

Then on June 23, he set up a hearing by the national union's unique "Judicial Panel" (a type of inter-union appeals court). They met in Joliet, Ill., and voted to expel Local 379 for violating the constitution's ban on the right of police to strike against their community.

"Free men have the right to strike," Wurf said later to this newsman, "but there is a matter of self discipline in some instances where the very life of the community is involved."

"I KEEP THAT PICTURE of the 1919 Boston police strike on my wall to remind me of this need for self discipline and that it set back unionism across the country and provoked legal procedures which have curtailed unionism of public employees."

These are brave words from the leader of a union whose militant young members are of a generation far different from the old civil service people.

Wurf can tie up garbage collection in a city for weeks (and has) and can lead mass charges of pickets into any handy city hall.

But he also can draw the line at mass safety. Edgy police units everywhere should take note. He

Trade With Reds

Every now and then it becomes apparent that economic power, especially the use of the trade embargo can do more than threats of military force to change an adversary's policy.

Sen. Karl E. Mundt, R-S.D., speaks for a substantial group in Congress when he declares that so long as hostilities in Vietnam continue and "world Communism arms and feeds terrorist insurrections it is immoral to support them with trade."

He said in a speech in the Senate:

"It is my earnest conviction that restraint of trade with the Communist world is needed now more than ever. That is why I am today introducing legislation to declare an embargo on exports to the Soviet Union and its East European satellites until such time as they abandon support for so-called 'Wars of national liberation' in Southeast Asia."

THE SOUTH Dakota senator also is proposing legislation to raise by 200 per cent the duties on all products imported into the United States from Communist-bloc countries.

He insists that Americans should not trade with them as long as our citizens are dying on Vietnam battlefields.

The administration gathered in recent months some support on Capitol Hill for its proposal to improve trade relations with Communist-bloc countries in Eastern Europe, and has followed this with persistent efforts to secure passage of the measure.

This is in direct contrast to the policy of the United States government in cutting exports to the Soviet Union during the Korean War and subsequently during the Berlin crisis.

The pending East-West Trade bill contains many ambiguous phrases which do not clearly set forth whether items that are not banned as "strategic" can be used in developing war weapons and materiel.

In recent years, the American government has approved exports in large volume to Communist-bloc countries of such goods as computers, electronic navigation gear, scientific instruments, precision machine-tools and chemicals.

Congress in 1962 wrote into the Export Control Act provisions explicitly prohibiting shipment of goods of "economic significance," but by one means or another, these have been circumvented. Sen. Mundt stressed this point:

"Now when you question the Commerce Department about their approving specific exceptions to the export controls, they always explain that these were licensed because comparable goods were available from other sources. This is what they tell you when they allow some of our advanced computers to be shipped to Russia."

IT WAS POINTED out by Sen. Mundt, moreover, that the embargoes against the Asian Communist states and Cuba have proved ineffective. He said the United States has granted millions of dollars in concessions on grain deals with countries like Poland and Yugoslavia, and "then when our back is turned they use these extra allowances to increase aid to Cuba and North Vietnam." Sen. Mundt added:

"In October 1966, we agreed to negotiate a \$26 million debt overdue for food for peace sales. Having won this concession, the Poles then announced they planned to extend \$30 million in aid to North Vietnam. When the terms of bargain were confirmed in January this year, the Polish government flaunted the spirit of our concession again by concluding a new multi-million dollar aid pact with Cuba."

There is no question about the friendship of the United States for the peoples of Communist-bloc countries. But their governments today are dominated by the Soviet Union, and their trade relationships are subject to manipulation by Moscow.

Manslaughter Charge Filed In Road Fatality

LISBON — The State Highway Patrol filed a traffic manslaughter affidavit Monday in Columbiana County Juvenile Court against a 17-year-old Minerva youth involved in a double fatality.

A preliminary hearing is scheduled Aug. 1 for Richard L. Van Hooser. His car and a motorcycle collided June 16 at the intersection of Route 30 and County Rd. 402 in East Rochester, killing the cyclist, Edward Minger, 36, of Massillon, and injuring his wife, Ruth Ann Minger, 35, riding behind him. She died June 23 in Canton Mercy Hospital.

Patrolmen said the youth was driving east on Route 30 and attempted to turn north onto the county road in front of the motorcycle which was westbound on Route 30. The affidavit charges the boy with failure to yield the right-of-way.

Rice is the chief food of about half of the people in the world.

Deaths and Funerals

Jack Alley

Jack K. Alley, 56, of the Smiths Ferry Rd. died this morning at 6:30 at home following an illness of several months.

Born Aug. 5, 1910, at Smiths Ferry, he was the son of the late Miles Alley and Millie Furchett Alley. He had resided in the area his lifetime.

He was a boilermaker for the B. & W. Construction Co. at Toronto and was a member of Boilermakers Local 154, the VFW and American Legion Wedgewood Post 374. He was a veteran of World War II.

Survivors include his widow, Mrs. Mary Lou Wolfe Alley, at home; two brothers, Ray Alley of East Liverpool and Ben Alley of Fontana, Calif.; and a sister, Mrs. Jennie White of East Liverpool.

Services will be held Thursday at 2 p. m. at the Dawson Funeral Home, with the Rev. Phillip Carl of the Orchard Grove Methodist Church officiating.

Burial will be in Columbiana Memorial Park.

Friends may call at the funeral home Wednesday.

Mrs. Flossie Biggins

LISBON — Mrs. Flossie I. Biggins, 87, of Apples Corners, Lisbon RD 3, died at 12:05 a. m. today in Salem City Hospital after a lingering illness.

She was born July 5, 1880, in Morgan County, a daughter of James A. and Thirsa Ellis Wallace, and had resided in the Lisbon area the last 60 years.

Mrs. Biggins was a member of the Oakland Methodist Church at Roxbury, Ohio.

She leaves a daughter, Mrs. Gale (Thelma) Williams, and two sons, Allen Biggins and Everett Biggins, all of Lisbon RD 3; a brother, Orville Wallace of Stockport, Ohio, and 13 grandchildren and 21 great-grandchildren.

Services will be held at 1:30 p. m. Friday in the Henry Funeral Home. Burial will be in Mt. Zion Cemetery at Rogers. Friends may call from 2:30 to 4:30 and 7 to 9 p. m. at the funeral home.

Robert Stock

LISBON — Robert Stock, 75, of 240 W. Washington St., died at 8:25 a. m. today in Salem City Hospital, where he was admitted Saturday evening after suffering a stroke at home.

He was born Nov. 22, 1875, in Center Township, a son of Frank and Luvina Baker Stock, and lived in this area all his life. He attended the Christian Church and was a member of the Junior Order of United American Mechanics and a former member of the Odd Fellows

Lodge here. He was employed at the American Vitified Products Co. plant on the Elkhon Rd., retiring in 1961 just before it closed.

He leaves his widow, the former Lela Phillips, whom he married Dec. 20, 1916; four daughters, Mrs. Lavina Brown, Mrs. Dorothy Fowler and Mrs. Lucile Brown, all of Lisbon, and Mrs. Betty Randolph of Columbiana; a son, Clyde Stock of Lisbon; 20 grandchildren and nine great-grandchildren. A son, Robert F. Stock, is deceased.

Services will be held at 1:30 p. m. Friday in Eells - Leggett Funeral Home with the Rev. Paul Haney of the First Christian Church officiating. Burial will be in Lisbon Cemetery.

Friends may call from 7 to 9 p. m. Thursday at the funeral home.

William Cullison

LISBON — William R. Cullison, 78, of 310 W. Washington St., died at 3:30 p. m. Monday in Wade Park Veterans Hospital, Cleveland, where he was admitted earlier in the day.

He was born Sept. 30, 1888, at Smiths Ferry, a son of John W. and Luellen Palmer Cullison, and had lived in Lisbon the last 36 years. He was a sheriff's deputy before retirement.

He was a member of the First Presbyterian Church, a veteran of World War I and a member of East Liverpool VFW post.

He leaves his widow, the former Bessie March, whom he married July 3, 1919; two daughters, Mrs. Henryetta Cross and Mrs. Raecanna Hobart, both of Lisbon, and five grandchildren.

Services will be held at 1:30 p. m. Thursday at the Henry Funeral Home, where friends may call from 2 to 4 and 7 to 9 p. m. Wednesday.

The Rev. Paul T. Gerrard of

the First Presbyterian Church will officiate. Burial will be in Lisbon Cemetery.

Dorothea Krieger

Services will be Wednesday at 2 p. m. at the Martin Funeral Home for Mrs. Dorothea Krieger, who died Sunday night.

The Rev. George D. Keister, a retired Salem minister, will officiate.

Burial will be in Columbiana County Memorial Park.

Airborne Seal Proves Hefty

How much does it cost to send a seal from East Liverpool to Chicago via air mail, special delivery?

Mayor George E. Willshaw's office found the answer Monday. It was \$4.30.

The seal in question is the hefty hunk of solid metal that comprises the official seal of the Columbiana Metropolitan Housing Authority. Merrill D. Hall, executive director, telephoned City Hall from Detroit Monday and said he would need the seal today to process some papers at the Chicago regional office of the Department of Housing and Urban Development.

The seal weighs about six pounds and stands just short of a foot tall. The mayor dispatched it to Hall yesterday via the post office, assured it would be in Chicago this morning.

Markers Struck When Coil Falls

No one was injured in two mishaps investigated Monday by the Lisbon barracks of the Highway Patrol.

A 1964 coach operated by Phyllis V. Staats of 527 Williams St., East Liverpool, was involved in a collision with a car driven by Daniel J. Davis, 32, of 331 Indiana Ave., Chester. Both cars were northbound on Route 267 Monday afternoon.

There were no citations. Earlier, at 10 a. m., a 21,000-pound coil of steel fell from a truck which was headed north on Route 7.

The patrol said the truck was owned by Humes Transfer of Steubenville and driven by Charles M. Brandon, 32, of Weirton. The rig was rounding a curve north of Route 30 when the coil fell and knocked down three road markers.

Drainage System, Air-Conditioning

Westgate Projects OK'd

The Board of Education Monday night awarded a \$10,410 contract for construction of a new drainage system at Westgate and another for \$20,120 for the installation of air-conditioning in Westgate Auditorium.

The money will come from the repair and maintenance fund established by a levy for special improvements.

Michael J. Pusateri of East Liverpool was granted the contract for the work to correct the drainage problem. Water from the school and blacktop areas has been causing serious erosion along the road leading to Patterson Field and also has been damaging the blacktop parking area at the rear of the building.

THE BOARD requested the aid of City Engineer George Bloomgren, who suggested the installation of a new storm sewer line down the south end of the building with a series of catch basins. The new line will feed into an existing storm sewer near Patterson Field.

The new system also will tie into a storm sewer on W. 8th St. A catch basin on W. 8th will be enlarged.

The Pusateri bid was the only one received by the board. Other bids were sought, but the

project was not advertised because of the necessity of having the work done as soon as possible. The board declared the work an emergency.

Under a section of the revised code, the board can take such action and let a contract when it feels an emergency exists.

Sayre Electric received the contract for the air-conditioning units. The Ohio Valley Gas Co. submitted a bid which was not opened since it was received at 2:20 p. m. Monday. The legal notice set the deadline for noon.

The bid will be returned unopened. Sayre's bids call for the installation of five 10-ton units on the roof. Each will be operated in stages, controlled by thermostats.

Sayre submitted an alternate bid of \$16,480 if the board wanted to delete a unit at the stage area in the front. Because of the heat from the lights on the stage, the board agreed this unit is necessary.

THE BOARD also awarded a contract for milk for the schools to the Golden Star Dairy. The bid was 6 1/4 cents per half pint of homogenized milk. Vernon Dell Dairy offered the same bid, but Golden Star had the contract last year and the firm's

equipment already is installed in the buildings, board members pointed out.

The American Seating Co. was awarded a contract for \$1,224.30 for 66 new desks and chairs for two classrooms at Westgate.

The desks cost \$11.60 each and the chairs \$6.95 each.

Action on bread bids for the Westgate cafeteria was tabled until the next meeting.

Jack Woomer and Samuel Brown, board members, were appointed by Mrs. Nessie Dunlop, president, to investigate the bids after a motion to accept a bid from Ward Foods died for lack of a second.

A discussion followed on the weight of the loaves, the number of slices and methods of delivery and packaging.

Ward held the contract last year. Its bid was 16 cents for a 17-ounce loaf of bread and 24 cents per dozen for sandwich or wiener buns.

The bid from Nickles Bakery was the same. The Schwebel Baking Co. bid 16 1/2 cents for bread and 26 cents per dozen for buns. Continental Baking offered bread at 22 1/2 cents and buns at 32 cents less a 10 per cent discount, while Keystone bid 18 cents on bread and 30 cents on buns, with a 5 per cent discount.

Chances Dim For UN Vote On Israelis

UNITED NATIONS, N.Y. (AP) — Prospects faded today for adoption by the U.N. General Assembly of a resolution calling for Israeli troops to withdraw from Arab territory seized in the June war.

Syrian Ambassador George J. Tomeh told the assembly's special session on the Middle East that all the Arab states maintain their refusal to recognize the state of Israel.

Israeli Foreign Minister Abba Eban replied this "strengthens my government's resolve not to respond to any request or interest from these states until or unless there is an explicit recognition of Israel's statehood, sovereignty and territorial rights."

The Latin-American group of 23 nations adopted a passive attitude toward its negotiations with the Soviet Union for a resolution on Israeli withdrawal that could get the two-thirds vote necessary for approval.

Assembly President Abdul Rahman Pazhwak of Afghanistan told the assembly if no agreement was reached by then, it should end the special session. There was no objection and it appeared that the issues left unsettled would be returned to the Security Council.

As the vanguard of the 33-man U.N. observer team began surveillance of the Suez Canal cease-fire line between Israeli and Egyptian forces, an Israeli-Egyptian dispute over Israel's intention to put patrol boats on the canal threatened the operation.

Israel claimed it had the right to patrol the waters on the eastern side of the canal. Egypt warned that it would open fire on any boats the Israelis launched. Egyptian Ambassador Mohamed Awad El Kony told Secretary-General U Thant by letter Israel had placed nine boats on the east shore of the Bitter Lakes, which form part of the southern half of the canal.

Reports in Vienna said Soviet Communist party chief Leonid I. Brezhnev and Premier Alexei N. Kosygin had urged the leaders of the other European Soviet bloc countries at their meeting last week to contribute more to the aid of the war-battered Arab economies but the smaller Communist governments were unenthusiastic.

Strikes Over, School Work Ready To Roll

The strikes by plumbers and construction steelworkers have been settled and work on East Liverpool's new schools now can "go into high gear."

This was the written report submitted to the Board of Education Monday night by Robert F. Beatty, architect. The strikes had slowed construction on the buildings.

Tradesmen of both unions have returned to the job and were working Monday.

At the high school site, all exterior walls for the main academic building are substantially completed. Electric conduit is being installed. No work was performed on the gymnasium-auditorium area during June because of the strikes.

All concrete columns and the roofs have been installed on the shop area and masonry work on the exterior walls is about 60 per cent complete.

Both driveways to the site have been installed, the athletic field is reasonably level and the site is 90 per cent graded.

No work was done on the North Elementary building during June because of the strikes.

The foundation work is completed at East Elementary and the masonry walls are being erected.

At LaCroft Elementary site, the foundation work is done and the walls are being erected.

Members of the board will inspect the sites Saturday at 10 a. m.

Second Place Taken By Wellsville Band

The Wellsville Jaycee band won second place during the firemen's parade at Kenwood Park, Pittsburgh, Friday night.

It also has received \$100 in prizes at the Newell, New Cumberland and Midland parades and \$35 each from the Wellsville firemen and \$35 from the playground fund for participation in their parades. The band will take part in the Highlandtown homecoming parade Friday night.

To help raise additional funds toward the \$1,000 needed to transport the band to Columbus for the Ohio State Fair in August, the group will hold a car wash Saturday beginning at 9 a. m. at 12th St. and Riverside Ave. For pick-up of cars, contact Bill Croskey, president; Vince Boggs, vice president; Wanda Pickens, secretary; Eugene Taylor, treasurer, or any other band member.

\$2,200 Boost Seen For City General Fund

Council gave approval Monday night to a proposed 1968 city budget that anticipates \$441,680 will be available for the general fund, an increase of \$2,200 from the \$439,480 the city expects to spend for the same purposes in 1967.

The figures are scheduled to be certified to the County Budget Commission at Lisbon, the agency which makes the final determination on the amounts the city can appropriate. The Budget Commission's figures, called a certificate of estimated resources, will form the basis for Council's allocation of funds for next year.

The anticipated general fund revenue for 1968 is down \$32,600 from the \$473,740 actually spent in 1966, the figures show. The budget shows the city expects to wind up 1967 with a \$35,000 balance, the same amount that was carried over to 1967 from 1966. It shows the city started 1966 with a \$37,326 balance carried over from 1965.

The budget places general property taxes at \$65,000 for next year, against \$65,350 this year and \$69,807 in 1966. It anticipates classified property tax will bring in \$13,300 next year, against \$13,300 in the current year and \$19,479 in 1966.

Sales tax will produce \$32,500 in 1968, the same amount as in 1967, the budget estimates. The sales tax yielded \$32,478 in 1966. The city receives a share of sales tax revenues from the state.

The budget estimates a \$20,000 yield from inheritance taxes from 1968, equalling the amount that will be received from the same source in 1967. The inheritance tax brought in \$15,807 in 1966. The firemen's 1-1/2 mill levy is expected to produce \$43,500 in 1968, against \$43,600 in 1967 and \$43,630 in 1966.

Municipal Court revenues paid the city are pegged at \$44,000 for 1968, compared with \$44,600 in 1967 and \$41,819 in 1966. Parking meters are expected to yield \$60,000 in 1968, the same as in 1967 and 1966.

A separate entry anticipates that city income tax revenues will hit \$325,000 in 1968, compared with \$320,000 in 1967 and \$343,680 in 1966.

The budget shows the city's outstanding general bonded indebtedness totals \$548,857. Special assessment bonded debt — bonds issued in anticipation of collection of special assessments from property-owners — stands at \$92,143, the budget shows.

City Will Acquire Police Cruisers

Council gave approval Monday night to a resolution authorizing the administration to call for bids and sign a contract for purchase of two new cars for use as police department cruisers.

The \$5,000 to cover the purchase was provided in the annual appropriation ordinance enacted in March.

The legislation provides that the city will trade in a 1965 Chevrolet and a 1966 Chevrolet — both four-door sedans.

The resolution contains an emergency clause that means it will go into effect as soon as it is signed by Mayor George E. Wilshaw. Without the emergency clause, there would be a 30-day wait before effectiveness. In the next step, Safety - Service Director Robert E. Vodrey will issue a call for auto dealers to submit bids.

Council Sets Hearing On Subdivision Rules

A public hearing will be held Monday, Aug. 21, at 7 p. m. on proposed subdivision regulations submitted to Council Monday night by the City Planning Commission.

Council set the required public hearing date to precede its only regular meeting in August. Law requires that Council must conduct a hearing on the bulky regulations before giving its official approval.

Part of the city's "master plan" for development, the regulations are concerned primarily with setting minimum standards for any new subdivisions developed inside the corporate limits before they will be accepted officially by the municipality. It stipulates the utilities, streets, sidewalks and other facilities that must be provided in the new subdivision.

Britain Extends Law On Pay, Price Curbs

LONDON (AP) — The House of Commons early today extended for another year the price and wage controls imposed a year ago as part of the austerity program to halt inflation and stabilize the pound.

The bill gives the government power to demand notification of wage agreements and permits it to put off price and pay increases as long as seven months.

Midland's Board Cracks Down On Playlot Vandals

A crackdown on vandalism at playgrounds was ordered and bids for new entrance doors were opened when the Board of Directors of the Midland public schools met Monday night.

Sam Rosatone, superintendent of maintenance, reported continuous vandalism has occurred at the 7th and 10th St. playlots—baskets pulled down, several drinking fountain spigots stolen and play animals twisted off coil spring bases. Swing chains have been twisted until broken and large boys have been seen riding baby swings, he added.

THE BOARD decided that damage caused by vandalism will not be repaired. However, damage caused by ordinary use will be repaired by the school. Anyone caught in vandalism will be prosecuted, the board said.

Rosatone pointed out there has been no vandalism at the 1st St. playground.

Bids were opened on new entrance doors at Lincoln High School. The Glass and Store Front Construction Co. of Beaver Falls submitted a bid of \$5,061 for one new door, \$9,634 for two and \$14,059 for three. The Columbia Architectural Metals Co. of Pittsburgh bid \$5,291 for one, \$11,707 for two and \$17,493 for three. The Steinmetz Construction Co. of Ambridge offered bids of \$5,900, \$11,500 and \$17,000.

Supt. Wilbur P. Dersheimer said the estimate of the architect, Joseph Bontempo Associates, had been only \$1,400, with \$1,500 allowed in the budget. There was a discussion on the difference between the architect's estimate and the bids. The board referred the bids to the architect for study and recommendation.

THE BOARD accepted the resignations of Mrs. Rebecca Shinnaberry, kindergarten teacher, and Mrs. Loralee Zeman, second-grade teacher. Mrs. Shinnaberry's letter of resignation stated she is moving from Midland at doctor's orders because she is suffering from allergies from the smoke in Midland.

Mrs. Zeman, of Freedom, has accepted a position with Freedom schools. She had been hired during the spring semester to fill a temporary vacancy created when Mrs. Mabel Popp was taken ill. Since Mrs. Zeman was not yet under contract for the coming year, her oral resignation to Supt. Dersheimer was accepted by the board.

The William B. Pollock Co. of Beaver was awarded a contract to clean and maintain school typewriters for the coming school year at \$4.75 per

machine. There are approximately 75 machines.

Bids on boiler repairs at the 4th St. School were opened. Homer D. Bonner of Beaver submitted a bid for parts and freight, but was unable to quote figures on labor, since the exact amount of work involved will not be known until the boiler is dismantled. Rosatone said he believes just one section, but possibly three, will have to be replaced. Bonner quoted \$273 for one center section and \$597 for two intermediate sections, both plus freight charges.

Ruggert Plumbing of Midland submitted a total bid of \$700 for replacing one section. However, he added a report of additional costs would be submitted in the event dismantling revealed more sections need replacement.

The bids were turned over to the property committee headed by John Uccellini for study.

A BID ON incandescent lights for Lincoln stadium was received from the Sayre Electric Co. of East Liverpool, which quoted \$1,640 to replace 16 lights, four each on four center poles, and also \$3,280 for 32 lights, eight on each of four center poles. The property committee will study the bid and report at the next meeting.

A request by the Midwestern Pop Warner Football League to use Lincoln stadium for games Sept. 16 and 30 was denied because the field will be in use for the Midland - Western Beaver game Sept. 16 and will be used by Western Beaver for its first home game Sept. 30. The athletic committee will study a request to use the field Oct. 14 before giving an answer.

Board members commented that the Crucible field had been put into shape and was maintained by the school for the use of the Pop Warner league. Others mentioned the field had been littered by those attending Pop Warner games.

Mrs. Dorothy Shovlin, commercial teacher, was granted an additional day's pay for a day she missed in May during a family bereavement. School policy ordinarily covers a three-day absence with pay in the event of bereavement. The board waived the policy in this case since Mrs. Shovlin, who was absent four days, needed the additional time.

The board went over a list of new editions of books which will be purchased for the elementary schools. Textbooks are replaced every five years.

General and Elementary Secondary Education Act (Title I) bills totaling \$15,392 were approved for payment. A treasurer's report showed \$48,141 on hand in all accounts.

Rusk Urges Hanoi Move

MIAMI BEACH, Fla. (AP)—Secretary of State Dean Rusk says, "If we could get any response from Hanoi there would be peace" in Vietnam.

"We are not asking North Vietnam to surrender a single acre of ground," Rusk told an International Longshoremen's Association Convention Monday.

"All we are asking them to do is stop shooting at Laos and South Vietnam for the purpose of taking over these countries by force."

"We are prepared to move for peace at any time that we can find anyone from Hanoi to talk about peace. But no one has yet been able to produce a North Vietnamese anywhere with whom we can talk peace."

Rusk suggested: "Let us reduce the violence by mutual action. Let us demilitarize the demilitarized zone. Let us stop the fighting in Laos and stop the infiltration through Laos. Let us exchange prisoners of war. Let us guarantee the neutrality of Cambodia."

The secretary continued, "Almost anything we do is escalation. Almost nothing the other side does draws that word."

Rusk continued, "The North Vietnamese forces are in Cambodia at least in division strength. But if we were to put a company of our own men across the border to find out about these people, there would be screams of escalation."

Chairmen Named By Beaver Local Mother's Group

Committee chairmen were named by Mrs. Donna Ketchum, president of the Beaver Local Mothers Club, during the July meeting.

They will serve during the 1967-68 school year for the Beaver Local Public School.

The bylaws were presented to the new executive board by Mrs. Deloris Charlton, past president.

Mrs. Roberts said the first speaker of the new term in October will be Delmar O'Hara, Wellsville attorney. Officers will be installed by Mrs. Donna Curran, secretary of the public school.

Mrs. Pauline Apple was a guest. Lunch was served by Mrs. Ketchum.

Trial Opens For Two In 1966 Murder Case

CHICAGO (AP)—The trial of two men charged with the murder of a 51-year-old Chicago man found 11 months ago in an Ohio quarry begins in Circuit Court here today after being postponed several times because of a heavy docket.

The defendants, John W. Sparks, 32, Indianapolis, and Charles Duncan, 20, Middlepoint, Ohio, are accused of slaying Darrell Williams.

Police say Williams was strangled in his Chicago apartment.

Fund Cleared For State Job On Lisbon St.

Council Monday night provided the last \$5,000 needed for the city's \$45,000 share of a \$300,000 State Highway Department project calling for widening, resurfacing and partial relocation of Lisbon St. (State Route 267) between W. 8th St. and the corporate limits at LaCroft.

Council enacted legislation to borrow \$5,000 on notes in addition to the \$40,000 previously made available as the city's share and also approved a new ordinance officially giving the municipality's consent to the improvement.

The action was required because the state issued a new estimate on the project last week boosting the anticipated cost from \$200,000 to \$300,000. The city previously had agreed to the improvement and had provided \$40,000 as its share.

Rather than insist on the original formula of a 20 per cent contribution from the city, the state agreed to accept a lump sum of \$45,000 as the municipality's contribution. Last night's action followed.

The improvement has been in negotiation between the city and the Highway Department for more than five years. The city

has been promised that one of the principal benefits will be a realignment to help ease some of the sharp curves on the Lisbon St. Hill.

Mayor George E. Willshaw was advised of the higher estimate a week ago in a letter from Levi (Jack) Kimble, head of the Division 11 office in New Philadelphia. He pointed out that the city was asked to accept only \$5,000 of the additional cost, despite the \$100,000 boost in the estimate.

In a companion action, Council approved another ordinance giving the city's official consent to a Highway Department project for resurfacing of the state-owned Chester Bridge. No financial contribution will be required from the city. The Highway Department asked enactment of the legislation because a small section of the span and its approach lie inside the city limits.

The historic Mason-Dixon Line is the boundary between Pennsylvania and Maryland, running at a north latitude of 39 degrees 43 minutes. The greater part of it was surveyed from 1763 to 1767 by Charles Mason and Jeremiah Dixon, English astronomers who had been appointed to settle a dispute between the colonies. As this line was partly the boundary between the free and slave states, it came to signify the division between the North and the South.

Goodrich Sets Contract Vote

AKRON, Ohio (AP)—Rubber workers at the B.F. Goodrich Co. will vote Sunday on a tentative agreement that could end, for one company, the longest strike in the industry's history.

The United Rubber Workers Union has not yet scheduled a ratification vote for a similar agreement reached with the General Tire & Rubber Co.

Goodrich and General both settled last week.

Meanwhile, negotiations are expected to resume today, the 88th day of the walkout, between the union and Uniroyal and the Goodyear Tire & Rubber Co. in Cincinnati and with the Firestone Rubber Co. in Cleveland.

The three companies still bargaining employ about 60,000 of the 75,000 now on strike.

Goodyear said Monday negotiations would resume if pickets in Akron obey a court order limiting their number to two at each gate. Talks were postponed when pickets kept many of the 6,000 salaried workers from their jobs.

Pickets complied with the order Monday afternoon after less than one-fourth of the white-collar force were able to get to work.

Goodyear said the picketing interfered with aspects of the

plant having nothing to do with the rubber workers.

Goodrich is reopening various departments, anticipating its 12,000 union members, scattered in nine plants across eight states, will ratify the agreement.

Area Man Given Hero Medal For Saving Girl's Life

PITTSBURGH (AP)—A Beaver County man who was seriously injured as he threw himself into the path of a charging deer bearing down on a teen-age girl was honored today by the Carnegie Hero Fund Commission.

Harold A. Fox' act of bravery came last year at dog field trials near Evans City.

The deer, a large buck, charged out of a woods toward a line of spectators and, with head lowered, headed for 15-year-old Billie J. Wiegel.

Fox, 57, from Monaca, pushed the young girl from danger, but was hit in the chest by the deer. The impact lifted him in the air and dumped him on the ground several feet away.

Fox suffered broken ribs, torn knee ligaments and a dislocated shoulder. Miss Wiegel was uninjured.

The commission presented Fox with a bronze medal and \$500.

FBI Arrests 12 For Bombings In Race Terrorism

WASHINGTON (AP)—The FBI says it arrested 12 North Carolina men today who allegedly conspired to prevent racial integration of schools in two counties by shooting into houses, dynamiting business places and other acts of terrorism.

Atty. Gen. Ramsey Clark said the men were formally charged in warrants issued by the U.S. District Court in Greensboro, N.C., with conspiring to deprive citizens of constitutional rights "by acts of terrorism and intimidation."

The warrants said the conspiracy was aimed at preventing school officials from operating schools in Rowan and Cabarrus counties "in a racially free manner."

It said the men also tried to prevent racially integrated participation in federal antipoverty and education programs.

Deadline Aug. 1

City Due Eviction From Dog Pound

Council was served Monday night with a "move-or-else" notice requiring it to vacate by Aug. 1 the brick garage building at the sewage treatment plant which has been used for years as a municipal dog pound.

Charles Huddleston, superintendent of the sewage plant, served the ultimatum on Council declaring that if the building is not vacated by the deadline his department will move the dogs and other equipment out of the structure bodily in order to use it for its own purposes.

Huddleston said the site is not safe because there are "open tanks of sewage, cylinders of chlorine gas and many pumps and motors" on the premises that are a hazard to casual visitors. In addition, at least half of the telephone calls received at the plant concern the dog warden's activities, hampering the employees in their work, he added.

Huddleston added that the plant employees frequently are condemned by the public for some action of the warden in impounding a family's pet.

The sewage plant, as well as the water department, are operated as separate public utilities by the Board of Public Utilities, a three-member board.

Huddleston served notice on the city last fall to vacate the building, but no action was taken.

Councilman Harold Maylone, chairman of the planning committee, said his committee has been seeking a satisfactory new site or a pound, as well as finances to cover the cost of the move. He said no site has been found, but the quest is continuing.

IN A RELATED question, Council received a letter from the Pottery City Humane Society, Inc., asking that Dog Warden Harold Flowers be paid the \$20 a month stipulated in state law as the city's "humane officer." The letter said Flowers has been designated as "humane officer" in addition to his work as dog warden, but he never has collected the payment.

It said he should be paid a minimum of \$20 monthly retroactive to February 1966, when he was designated as humane officer by Mayor George Willshaw. Council referred the letter to Solicitor Joseph W. Cooper.

Following through on action taken at the June 18 meeting, Council approved a resolution authorizing the Board of Public Utilities to call for bids on two projects estimated to cost \$4,000. They are erection of 348 feet of nine-foot fence around the Laura Ave. booster station and construction of a new steel building at the Thompson Ave. reservoir site to replace a structure destroyed by fire.

The \$4,000 required to finance the two jobs was provided at the June session.

Council also approved a new agreement with the Ohio Power Co. under which some antiquated streetlight fixtures will be replaced. The agreement provides the rates which will be charged when the utility removes an antiquated fixture and replaces it with a modern mercury vapor lamp.

Safety-Service Director Robert E. Vodrey said the legislation is designed primarily to allow replacement of an old fixture when it is damaged beyond repair or taken out of service for some other reason.

THE STREET committee was given a letter from the City Health Board asking the status of plans for several sanitary sewer improvements, particularly a line in the Gardendale area and another in the Observation St.-Alton St. area on Sunnyside. The letter said that "acute health hazards exist in certain areas of the city not presently served by sanitary sewers" and declared that "further delay can only result in aggravating an already serious situation."

Councilmen said indications are that the two projects cited by the Health Board may be ready for contractors' bids with-

in the next six to eight weeks. Council filed a letter from George W. Connelly of 139 W. 3rd St. criticizing the city for not setting up a regular sweeping schedule for the north side of 3rd St. Connelly said grime and dirt have accumulated thickly on the pavement for lack of sweeping, as well as oil drippings from the crank-cases of autos.

Vodrey pointed out to Council there is no ordinance that requires a parking ban on a regular basis on 3rd St. so that the street can be cleaned. Police cannot tow away or ticket cars parked there when the sweeper is operating, he said. The city attempted to clean the street with its mechanical sweeper a month ago and issued a special "no parking" rule, but 15 cars were left in place, hampering the job, he said.

Council directed a letter be sent to Connelly explaining that the street will be cleaned when possible during daylight hours, as other residential area streets are swept.

COUNCIL accepted two recommendations from Councilman Floyd Murray, as chairman of the streets committee. They call for establishment of a four-way stop at the junction of Sugar Alley and Pleasant Alley—in the vicinity of the First Church of Christ—and for a new "no parking" regulation on the north side of John St. between May and Florence Sts.

Bernard Fineman appeared before Council as attorney for the Lynn Ambulance Co., which began providing service to the city Saturday under a contract authorized by Council.

Fineman explained that the company is negotiating with authorities in the Chester-Wellington area and other sections of North-Hancock County to provide service in those districts. He explained that he approached Council because the firm's contract with East Liverpool requires that it cannot make a contract with another political subdivision without prior authority of the local Council.

He asked Council for approval of Lynn's present policy of providing service to the Hancock County area on a day-to-day basis pending the outcome of negotiations. Council approved his request. In addition, Fineman said if a contract is negotiated in the Hancock County district, it will be presented to Council here for prior approval, as required in the local agreement.

Fineman said the firm is providing service in the Chester-Wellington district at the rates required in the local contract, which essentially are \$5 higher than the fees to local residents. The firm has added a third ambulance to service the Hancock area temporarily in order that it can have two vehicles in service at all times in East Liverpool, as the contract provides, he said. Lynn expects to acquire a fourth vehicle within a few weeks, Fineman added.

Council filed a letter from the County Election Board showing that \$6,043 will be deducted from the city's next real estate tax settlement as its share of 1967 election expenses.

Councilman Frank Duffy said a sign hanging on a traffic light at E. 5th and Washington Sts. obscures pedestrians' view of the signal from the north side of E. 5th St. He asked an investigation.

The meeting opened with invocation by Councilman Robert Sample. Council agreed to meet next in adjourned session Tuesday, Aug. 1, at 7 p. m. to discuss raising the city's share of the annual low-cost street surfacing program. Councilmen said \$1,500 is available for the work, but \$3,500 will be required. The program is scheduled to cover sections of 34 secondary streets. The next regular meeting will be Aug. 21.

Driver Fined, Given 20 Days

A Substation motorist was fined a total of \$200 and costs and sentenced to 20 days in jail on three traffic charges during a hearing Monday in Eastern Division County Court at East Palestine before Judge Barry Dickson.

Harold V. Buchheit of RD 2, unable to pay the fines and costs, was ordered held in the County Jail at Lisbon.

Buchheit was fined \$50 and costs for passing on a curve, \$50 and costs for reckless operation and \$100 and costs and 20 days in jail for driving without a valid operator's license.

He also was ordered placed on three-year probation.

The charge of passing on a curve was filed by Charles W. Clark of New Waterford RD 1, who said he was forced off the road by Buchheit who was being chased by the Highway Patrol.

The patrol filed the charges of reckless operation and driving without the license.

A hearing for David Veon of Rogers on a bad check charge was continued until court - appointed counsel can be obtained.

Veon was arrested July 3 by East Palestine Police Chief Wallace Dillworth. He is accused of forging a check for \$60 and cashing it at the First National Bank of East Palestine. The check was made payable to Jerry Faulkner, signed Betty Louise Peters and endorsed on the back with Faulkner's name, the charge claims.

Roy Knight of Park St., New Waterford, was cleared of charges of public intoxication and driving while under the influence of alcohol.

car which tried to run him down.

The Jersey City victim was Freddie Lee Jones, 24, a Negro. Police said he was riding in a cab last Saturday night when a fire bomb was thrown against the vehicle. He died Monday night of burns. A woman passenger and the driver were injured. The bomber escaped, his race and identity unknown.

Looting and window smashing in Jersey City led to the arrest of 34 Negro youths during the night. Jersey City, Elizabeth and Paterson were the scenes of rioting in 1964.

Newark's business life was on its way back to normal. Some 5,000 New Jersey National Guardsmen were withdrawn Monday, and control of the city restored to the 1,400-man police force.

Wilson Gets Area Post In 'Community Action'

Ronald E. Wilson, program director of the Hancock County Community Action Council, Inc., has been selected area administrator of the Northern West Virginia Community Action Council.

Wilson's salary will be \$917 monthly.

The multi-county organization is the new community action agency covering Hancock, Brooke, Ohio, Marshall and West and replaces the former individual county community action structures.

Wilson attended Weirton public schools, was graduated from American University in Washington, D.C., in 1961 with a bachelor's degree in government and public administration, and was graduated from the University of Maryland School of Law in 1965.

Area Group Among Those Who Join In K. Of C. Rites

Some 450 attended the Knights of Columbus memorial mass Sunday afternoon at the National Shrine of Our Lady of Lebanon in North Jackson.

The late Frank R. O'Hanlon and Bernard Hogenmiller of the local assembly were among those honored from the Youngstown Diocese.

Guests included Fr. Peter A. Eid of Youngstown, pastor of St. Maron's Parish; Fr. William J. Lawler of St. Aloysius Church here; Mrs. Robert Jenkins and son of Sturgis, Mich.; Mrs. Nicholas J. Jammal and daughter of Ashtabula; Leo P. Stark of Columbus, supreme director of the K. of C. movement; John K. Mahaney of Warren, secretary of the Ohio State Council of the K. of C., and Mrs. Mahaney, and Michael Muldowney of Bridgeport, master of the fourth degree in the southeast district of Ohio.

A color guard of 94 K. of C. members formed ranks on the north driveway of the grounds for a procession to an open area in the front of the shrine, where the mass was celebrated by the Rev. Fr. Ronald E. Zidian. In his sermon, he urged prayers for worldwide peace.

George J. Saba, district marshal and his assistants, Anthony Collette of Ashtabula and James Casper of Canton, directed the procession.

concept that isolation is necessary for treatment of the mentally afflicted, Janis said, the centers will not completely replace state mental hospitals.

The measure calls for centers in counties of at least 50,000 population, with counties permitted to combine to reach that population level. But counties under 50,000 could establish a community facility through permission of the director of mental hygiene and correction.

It further provides for appointment by the state department and county commissioners of a mental health and retardation board, with control retained by the state department.

County commissioners could finance the facilities through the county's general fund or could place a levy before the voters.

Sen. Oliver Ocasek, D-Akron, illustrated the possible impact the legislation could have by recounting for his colleagues the case of an 8-year-old boy suffering from brain damage.

First referred to Sagamore Hills Children's Psychiatric Hospital in Summit County, the boy was rejected because the hospital only treated emotionally-disturbed youngsters.

There followed a succession of referrals, to an adult institution, to Apple Creek State Hospital, to a receiving hospital and finally to the hospital bureau of the Summit County United Fund.

Unable to care for the child, UF returned him to his first stop, Sagamore Hills, where his treatment finally was ordered by state officials.

Refusing to find fault either with state or local officials in the incident, Ocasek pointed out "cooperation, not confusion" is needed.

The community centers bill, he suggested, will provide it.

City Will Get \$9,360 From 2 Housing Sites

The city will be paid \$9,360 annually in lieu of sums formerly collected from real estate taxes when public housing projects are erected in West End and on a site off Maine Blvd., Council was advised Monday night in a letter from Merrill D. Hall, executive director of the Columbiana Public Housing Authority.

Hall pointed out the payment, prescribed in federal laws for such projects, will mean a substantial increase in revenue for the city, as the same tracts now actually yield only \$1,183 a year in real estate taxes. He said the financial benefit is in addition to the fact that "decent safe and sanitary housing" will be provided in 260 low-rent units.

The authority is moving ahead with plans to construct 130 units for housing for the elderly in the Moore St.-Claiborne St. area in West End and 130 units for family housing on a tract off Maine Blvd.

Weatherman Predicts Cloudy, Cool For Area

Cloudy skies and cool temperatures were forecast tonight for the tri-state district.

Showers expected in the area Monday did not hit East Liverpool, but some dense fog blanketed the downtown earlier this morning.

The weatherman predicted little change in temperatures for Wednesday, with the possibility of scattered afternoon thunderstorms.

AIR CONDITIONER
IS FINE...
IF YOUR WHOLE
FAMILY LIVES
IN ONE ROOM.

If you want to live in, say, two rooms, you just buy another one-room air conditioner. For three rooms, another . . . and so on. It's really very simple.

It's also very silly! And supporting a flock of one-room air conditioners is very costly, too.

Now let's get serious. For only \$14 a month (maybe less), you can own clean, trouble-free, economical Gas whole-house air conditioning. With normal installation, a hefty three-ton unit

is yours without even a down payment.

Here's the best part. If your home is heated with Gas, you probably already own about half a Gas air conditioning system: the ductwork, the blower and the filter. All you need is a cooling unit and a condensing unit.

For all the refreshing facts, just call the Gas Company. Gas whole-house air conditioning provides comfort for every member of your family . . . in every room of your house!

'Arbitration'

Unions Oppose Forced Settlement

By JAMES MARLOW
AP News Analyst
WASHINGTON (AP) — Compulsory arbitration—such as Congress voted Monday as a last resort to end the railroad strike—is a dirty phrase to unions and probably to most managements.

President Johnson urged this legislation, which he signed into law Monday night, in the public interest. The International Association of Machinists walked out Sunday morning after a year-long dispute over a new contract.

The nation's trains stood still. So did all train travel. Mail and farm and factory products piled up, unmoved. The union was bitter about the action by Johnson and Congress.

Yet, more than 95 per cent of all union-management contracts contain an agreement calling for an outsider—an arbitrator—to come in if they get into an insoluble dispute over what a contract means after they sign it.

SUCH AN arbitrator's interpretation of the contract must then be accepted as final by both sides. This can be of real benefit to a union which has agreed, once a contract is signed, not to strike during its life.

Without such an arbitrator, once a union has agreed not to strike it would be at the mercy of any management that wanted to interpret the contract to suit itself.

But all that involves a contract once it has been agreed upon. What unions and perhaps most managements don't want is for the government to tell them they must accept arbitration when they are bargaining and negotiating a new contract.

This is the distinction they make although it may seem a very fine line since both sides have accepted the principle of arbitration. They want to retain the right to say when they will and won't listen to an arbitrator.

It's because, they say, they treasure free, collective bargaining. They accept arbitration when it is to their convenience to do so. But what of the public convenience and necessities?

The union and the manage-

ment wouldn't be in business at all except for the public. Freedom carries with it responsibility, which means no freedom is absolute.

This is particularly true in vital areas of the society such as communications and transportation and also in fields vitally affecting the national interest, welfare and economy—such as steel or coal or electric power.

A railroad strike back at the turn of the century, or a telephone shutdown might not have crippled the country unless prolonged.

But since then American society has become not only infinitely more complex but infinitely more interdependent. And this will continue.

FOR THAT reason this writer believes compulsory arbitration—in industries which vitally affect the country and its people—is inevitable although it probably won't come soon. Congress at this time is reluctant to think of it.

Example: Last summer five airlines were shut down 43 days by the same machinists' union. It was the biggest airline strike in history. There is no permanent federal law requiring compulsory arbitration.

The President and the Congress sweated out that one until Congress finally was ready to act if a settlement wasn't reached. It was, at last, although in that case the settlement shattered the wage guidelines Johnson had been using to prevent inflation.

Under the new, but temporary law, the railroad strikers must return to work immediately. The President will appoint a five-man board to try to get both sides to agree to a settlement voluntarily. If they don't, the board will tell them what they must accept.

One of the jokes in both the airline and railroad strikes is that both industries are covered by the antiquated Railroad Act, allowing for a lot of stalling, stretching over months.

Another is the fact that in both cases the machinists, instead of tackling one company at a time, took on a squad of them, which makes bargaining a lot tougher.

Congo Hunts Rebel Forces

KINSHASA, the Congo (AP) — The Congo's government made preparations today to hunt down its mutinous white mercenaries with paratroopers aided by foreign African pilots and U.S. Air Force transports.

Reliable sources said 150 Congolese paratroopers trained by Israel were flown in American C130s to Kisangani, formerly Stanleyville, the northeastern city from which the mercenaries and rebellious Katangan troops fled July 13.

The sources said Ghana has sent three pilots to fly the Congo's T28 propeller-driven fighters, and President Joseph Mobutu's government has asked Ghana to lend it two jet fighters and seven more pilots. Mobutu also is expecting help from the Ethiopian air force.

The mutineers reportedly have retreated to the plantation of their Belgian leader, Maj. Jean Schramm, in a tropical rain forest 155 miles southeast of Kisangani. They are estimated to include 50 to 180 whites and 200 to 800 Katangans.

The rebellion began July 5 after Moise Tshombe, the ex-premier and Katangan leader, was kidnapped in a hijacked plane to Algeria and the Congolese government asked for his extradition so it could execute him. The mutiny collapsed when the mercenaries, opposed by loyal Congolese troops and receiving little support from white settlers, withdrew from Kisangani and Bukavu, another provincial capital on the Congo's eastern border.

Congolese troops went on a rampage of looting and random firing after they reoccupied all

of Kisangani, and the city was still without normal communications with the rest of the Congo Monday.

In Bukavu, where returning Congolese soldiers raped and killed Europeans in an antiwhite frenzy, some residents were still barricaded in their homes. Racial feelings were subsiding, however, and food stocks were again ample.

T. Frank Crigler, the U.S. consul at Bukavu, said he had lost contact with about 30 Americans living in the interior as far as 300 miles from Bukavu. Most are missionaries and their families. Congolese authorities have grounded a plane used to supply them.

Bus And Car Damaged By Mishap In East End

A bus and an auto were damaged in an East End collision Monday, police reported.

The mishap on Harvey Ave. near Bushwick St. involved a 1964 model 34-passenger bus owned by the Tri-State Transit Co. and driven by Lewis D. Bolton of 243 W. 3rd St. and a 1959 two-door sedan operated by James E. Lovett, 24, of 768 Miner St., officers said.

Bolton told police he made a wide swing into the opposite traffic lane in order to run into his company's bus garage when Lovett attempted to pass him on the right. Lovett reported he did not know that Bolton intended to turn back into the right-hand lane. There was damage to the right front of the bus and the entire left side of the car, officers said.

Designers Place Soldier Styles In Rome's Fashions

ROME (AP)—Rome fashions have gone on military maneuvers.

Fabiani was the commanding officer who put soldier styles on parade Monday.

Coats and suits had the stiff, high collars that Napoleon made famous. Shoulders were bristly squared.

Epaulettes were everywhere. Flag red and Prussian blue were the regimental colors he used.

Coats were boxily straight and loose in back. Then there was the modified military tent, an old Fabiani favorite but less wide this season.

Skirts still looked short although belted raincoats were designed to keep the calves dry. High crowned fedoras were in plushy felt. British bowler hats were in mink or beaded for evening.

Dresses were so elegantly understated that their only detail was a pair of vertical slit pockets in the skirt.

Schoolboy grey flannel made a divide skirt and shortie jacket with a shell blouse in lighter grey.

Velvet was promoted to the deluxe class by being threaded with glitter yarns in diagonal checks. Two trouser-suits, one in black and the other in mole-brown velvet, had wide legs and were cut ribcage-high to meet stand-up collar jackets.

Keep In Trim

Fight The Battle Of The Bulge

Teeners, swing into shape with exercise. Bulges stem from flabby muscles. Exercise helps you to tone up, slim down and banish bulges.

One of Eve's daughters devised a swing system that works sheer magic. The technique is to swing while you talk—talk on telephone.

Inte rested? Ida Jean Kain. Clear the deck for action. Hold the receiver in left hand, brace right hand on desk for support. Action: Swing forward with left leg, then swing rearward past a 45-degree angle. Again swing the second rear action, hold the muscle contraction for a sentence or two—not longer than six seconds—and swing again. Repeat routine a dozen times, change sides and hit a rhythm with the right leg.

A SWING—ALONG buzz session will work like a charm. You'll have callipygian curves to prove it. Callipygian? That's Greek for shapely derriere. The Southern gal who passed along this swinger swears she slimmed a total of eight inches off the hips. Try it. You have nothing to lose but the bulges.

Ring off. Turn on the music and stretch and bend. Standing, feet apart for balance, arch arms overhead, ballerina fashion. Clasp left wrist with right hand. Stretch tall, pulling up and in with midsection muscles.

Centering the uplift, bend sideways to the right as far as comfortable. At the end of the bend, hold. By holding, you apply the principle of "overload" through isometric contraction. Repeat six times, always holding. Then bend to the opposite side and repeat. In a single week you will notice results. The bend pulls off the bulge that pads the side hip-line.

Finish with a roll. Sit on floor, leaning slightly back to bring weight to bear on bulge. Have arms out at sides, slightly back, palms on floor. Action: Roll rhythmically across hip spread, pushing with one hand, bracing with the other. Roll slowly and heavily for 25 counts. Something has to give, and it won't be the floor.

With daily shapeups, everything soon will be going tickety-boo for you.

Spacemen Face Shorter Lives In Radiation Threat

WASHINGTON (AP) — Astronauts who embark in the future on lonely years-long space flights will carry with them the knowledge that their lives likely will be shortened by the experience.

A panel of scientists, in a report by the Space Science Board of the National Research

Council, said Monday such astronauts will be exposed for long periods to intense radiation that causes cancer and other illnesses.

But the 12-member panel concluded that the high motivation which characterizes astronauts would make prospects of a shorter life an acceptable price to pay.

The panel noted that adding additional shielding against radiation to spacecraft would increase their weight and thus reduce their potential for space exploration.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Am I a dummy or what?

A very close friend of mine joined the WACs last year, and she seemed to love it. When she returned for Christmas leave she gave us all a snow job about what a great life she was leading.

Well, last week she came home five months pregnant with no wedding ring. She told everyone she had become involved with an officer and didn't realize until it was too late that he was married and could not get his freedom. She insists she received an honorable discharge from the WACs.

I say her statement is an insult to the intelligence of a thinking person. That girl must have been discharged dishonorably under the circumstances. Wasn't she? Please answer in print. I want others to see this, too. — DUMMY?

Dear Dummy: What difference does it make to you if the girl was discharged honorably or not? It so happens that your friend didn't receive a dishonorable discharge from the Army. It was simply an official document separating her from the service.

Home, Sweet Home

Dear Ann: I plan to be married in the fall. The problem is my parents. They want to remodel the back of our home and make an apartment for us. They have hinted about this for several months and my fiancé and I have talked it over and neither of us wants it. We had never said no, straight out — until last night. It caused a lot of hard feelings and I'm sick about it.

My mother called me a selfish brat. She wants to know why we would rather pay out rent money to a stranger than give it to Dad who could use it. I love my parents very much and always have gotten along well with them. They have made many sacrifices for me and now I feel like an ungrateful wretch.

But, Ann, I really think we would be better off completely on our own. Please tell me if I'm right or wrong. I need your thinking. — NEWSDAY READER.

Dear Reader: I believe you and your fiancé are entitled to make this decision without being pressured and, in my opinion, you made the right one. The fact that your mother tried to make you feel

that you are a selfish brat is pretty good evidence. I hope you'll stick to your position and not collapse under the burden of unearned guilt.

The Briny Deep

Dear Ann: A friend of mine told me about a vinegar diet which sounds wonderful. She lost 10 pounds in two weeks and all she did was drink vinegar in warm water. I think it was equal parts of each.

I want to try it but I'm a little leery. I know you check with doctors, and I would appreciate your advice in this matter. I like the sound of this diet because vinegar is harmless. Thank you. — CHUBBY.

Dear Chub: Vinegar can kill you if you drink enough of it. Forget about that kooky diet. Excessive acidity can wreck your intestinal system and give you stomach trouble for the rest of your life. If you want to lose weight, eat food that has a low calorie count.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

LBJ May End Tradition Of Woman As Treasurer

WASHINGTON (AP)—An 18-year tradition that a woman be treasurer of the United States could be ending.

It's been nine months since Mrs. Kathryn O'Hay Granahan, a former member of Congress from Philadelphia, resigned as treasurer because of ill health.

Her signature, however, still appears on the lower left corner of all new paper money. It will remain there until her successor is named.

Government insiders now say the job will go not to another woman—the last four treasurers have been women—but to William T. Howell, a career Treasury Department employee who is now deputy treasurer. Howell, has been acting treasurer since Mrs. Granahan's retirement last Oct. 13.

Department officials reportedly have recommended Howell for the \$25,890-a-year post. Under present law, the treasurer is appointed by the President and confirmed by the Senate. But there have been rumors the post might be placed under civil service.

Several prominent women mentioned in speculation as possible treasurer have obtained other jobs. These include former Sen. Maurice Neuberger, D-Ore., Miss Genevieve Blatt, for-

mer secretary of internal affairs for Pennsylvania, and Mrs. Marjorie Lawson, a former District of Columbia judge.

The last man to hold the job — and he was treasurer for 16 years — was W.A. Julian, who died in 1949.

Soldier Blinded By 'Mini Mine'

FORT WALTON BEACH, Fla. (AP)—A box of mini-mines exploded in the face of an Air Force demolition expert Monday and blinded him.

The mines, collected from North Florida shores where they were accidentally scattered Sunday, detonated in the face of T. Sgt. Johnny B. Brady, 37.

Officials said Brady was blinded, suffered ear damage and facial lacerations. An Eglin Air Force Base spokesman said, "We don't know if the blindness is permanent or not."

An estimated 6,000 mini-mines in a canister were accidentally dropped into the Gulf of Mexico during a training flight from Eglin.

The military described the mini-mines as warning devices that go off with the report of a loud firecracker when squeezed or stepped on.

Area Woman Hurt In Fall

A Georgetown area woman injured in a fall at home was admitted Monday to City Hospital, where 12 other area residents were treated.

Mrs. Lenora Chapman of Georgetown RD 1 was in "fair" condition today with a fractured left leg sustained in the fall.

Treated were James Birch of Birch Rd., lacerations of the forehead and both arms in a fall through a glass door at a Beaver Local school; James Grantz of Youngstown, employed by the Conti Plumbing and Heating Co. of Lowellville, burns of the upper left hip when an acetylene torch exploded.

Jody Grimm, daughter of Mr. and Mrs. Wilmont Grimm of 709 Commerce St., Wellsville, a laceration to the upper lip in a bicycle accident; Marcia Garvey, daughter of Mr. and Mrs. Dwight Garvey of 409 Grant St., a laceration of the right eye area in a fall at home.

Hugh Nile of the Hillcrest Rd., Wellsville, employed at Ohio Brass, a laceration of the left thumb while cutting sheet metal; Clifford Lilly of 679 Riley Ave., a puncture wound of the right wrist on thorns in a fall.

Gary J. Klembara of Lisbon RD 2, abrasions of the wrist when he was spiked during baseball game; Dale Christy, son of Mr. and Mrs. Hank Christy of the Irish Ridge Rd., a laceration of the left thumb in a fall from a bicycle.

Robert Clark, son of Mr. and Mrs. Walter Clark of Wellsville, a puncture wound of the right knee on a nail; Scott Barnhouse, son of Mr. and Mrs. Howard Barnhouse of 831 Chester Ave., a laceration of the scalp area when struck behind the left ear with a golf club.

Donna Coleman, daughter of Mr. and Mrs. Donald Coleman of 5th Ave., LaCroft, a right finger injury while playing baseball; Pamela Goodman, daughter of Mr. and Mrs. Robert Goodman of 755 Lang St., abrasions of the left heel and ankle when caught in a bicycle.

Rogers Firemen Get Set For Fair

ROGERS — The construction of booths and the raising of tents kept Rogers firemen busy Monday night in preparation for the third annual fair which starts Thursday at 7 p.m. and will continue through Sunday.

The parade will start at 7 p.m. Friday, with marching units and other parade entries assembling at the Rogers School. The parade will move west on Route 428 to Route 7, north to Route 154 and then to the fairground on Farr St.

Crash Claims Soldier

BECKLEY, W. Va. (AP)—A one-car accident on the West Virginia Turnpike just north of here Monday claimed the life of Walter J. Kubala, 21, a Cleveland, Ohio, soldier stationed at Ft. Bragg, N.C.

Pony Boy Hears 'Whoa'

CHICAGO (AP)—Traffic policeman Raymond Egan did a double take when he spotted a red convertible on the Kennedy Expressway with a full-grown Shetland pony standing in the rear.

He did another double take after he ordered the car off the road Monday and discovered, where the back seat should have been, a pile of hay and two small children playing at the pony's feet.

He recovered sufficiently to charge Victor Garaze, 25, with driving with a driver's license, driving without a city sticker, illegally using license plates and driving with the view obstructed.

The red convertible was impounded. Garaze, children and pony left the Albany Park police station hoofing it.

Ohio Police Fail To Locate Sniper In Farm Slaying

LEBANON, Ohio (AP)—An intensive search, including the sealing off of an area here by police Monday, failed to net a suspect in the apparent sniper slaying of Stanley Dudley, a Warren County farmer.

Dudley, 34, Mason, Ohio, was shot Monday on a farm owned by his family on Ohio 48 near here.

Dudley was working in the field when "a couple of shots" were fired at him. He then went to a nearby house and summoned police.

When Warren County deputy Homer Burile arrived and walked back with Dudley to where the shots were fired, the sniper opened fire again and struck the farmer in the left side with a rifle bullet, police said.

Burile dropped to the ground when the shots were fired, apparently from a nearby wooded area.

Burile, uninjured, fired five shots back at the sniper. Police continued their search

for the slayer early today with practically no clues.

Sheriff Byron Kennard said a warrant had been issued to search a truck owned by Carl Maddox of South Lebanon. Kennard said he also wanted to question Maddox concerning the location of the truck, found near the Dudley farm.

Schloss Stages Upset Over Seeded Graebner

MILWAUKEE, Wis. (AP) — Lenny Schloss, a shirtmaker's son at the tail end of the U.S. tennis rankings, was dreaming of the top 20 today after fashioning a major upset over Davis Cupper Clark Graebner in the opening round of the National Clay Court Tennis Tournament.

"To get into the top 20, that's my goal this year," said the 38th-ranked Baltimore resident, who shot down second-ranked and third-seeded Graebner 2-6, 6-4, 6-4 Monday. "I want to be good enough to travel to Europe."

Graebner of Beachwood, Ohio, was one of three seeded players to fall in the first day. Also losing were fifth-seeded John Pick-

ens of Tuscaloosa, Fla., who fell before Mexico's unseeded Marcelo Lara, 6-1, 6-2, and seventh-seeded Steve Tidball, Van Nuys, Calif., a loser to Bailey Brown, Bronxville, N.Y., 6-1, 6-0.

Top-seeded Arthur Ashe, Richmond, Va., the nation's highest-ranked player, defeated Bill Burns, Mequon, Wis., 6-4, 6-1 and second-seeded Cliff Richter, San Angelo, Tex., the defending champion, breezed by Ron Goldman, Chevy Chase, Md., 6-3, 6-1.

Cliff's sister, Nancy, seeking a fifth straight women's title, begins play today. So does Billie Jean King, the nation's first-ranked female star.

and pounded out a 17-2 victory over second place Seiferth's Real Estate.

Riverview totaled 15 hits and took advantage of four errors by their opponents.

The Florists played errorless ball as Bill Montgomery pitched a three - hitter allowing Seiferth's only two runs which came in the third inning.

Riverview was paced by Bob Flint who had a perfect four-

Basketball Shows Profit, Football Loss At Lisbon

LISBON — Basketball made out financially in 1966-67 at David Anderson High School but football took another bad bounce.

The annual all - sports report of the athletic association shows total receipts of \$8,778 and expenditures of \$8,817 for a \$39 deficit.

A carryover of \$4,572 from 1966 ended the Association to end 1966-67 with a \$4,533 balance.

Basketball made \$1,687 on receipts of \$3,551 against expenses of \$1,864. The cage sport showed a \$1,085 profit for the 1966-67 season.

Season ticket sales totaled \$534 for the nine home basketball games. Game receipts ranged from \$216 (Louisville) to \$381 (Columbiana).

Football expenses were \$5,515 or \$662 more than receipts of \$4,853 including \$299 for season tickets. Revenue from the six home games ranged from \$1,289 for the opener with Carrollton to \$143 for the finale with United. Football had a \$1,522 deficit here in the 1965 season.

Junior high basketball cost \$134 and football \$542 last school year. Track expenses were \$305 and golf, \$105.

Bronco Star Fails To Sign

MEMPHIS, Tenn. (AP) — Linebacker John Bramlett of the Denver Broncos have had a fall-out over new contract terms.

The All-AFL star left the Denver training camp Monday night bound for his home in Memphis. Bramlett, who went to Denver last Thursday, and the Bronco management failed to reach terms for the coming season.

In a telephone conversation with a Memphis newspaper, the former Memphis State athlete said, "I have talked to them and they won't even quote me a figure. That's what makes me mad."

Bramlett, who earned an estimated \$20,000 last year, said he told the Broncos three months ago what he wanted, reportedly some \$30,000.

That Old School Tie

The East Liverpool Board of Education, at times hard pressed with its own problems, was informed Monday night of the need of two famous universities in England.

Members of the board received a postcard from James Lowe, a former board member, who is vacationing there.

Adding a touch of humor to his notation, Lowe said he had toured Oxford and Eaton, noted for their old buildings and traditions, and commented "both need a bond issue for new buildings."

Lowe wrote that he is having a good time despite poor weather and said he has visited several cathedrals and schools in the country. He plans to return home shortly.

McIntosh Wins Trapshoot With Perfect Score

John McIntosh, with a perfect score of 25x25, was winner of the trap shoot at 16 yards when the Columbiana County Fish and Game Association met on its range Saturday night.

Lewis McIntosh, Raymond Thompson, Earl Burlingame and William Rosser tied with a 24x25 score. Robert Goodman had 19x25 and Edwin Birch 19x25 and Gail McIntosh 17x25.

Handicap scores at 25 yards are: Gail McIntosh 21x25, John McIntosh 21x25, Burlingame 20 x 25, Rambo 20x25, James Lawton 19x25, Lanford Blevins 19x25, Lewis McIntosh 17x25, Harold Walton 15x25 and Birch 15x25.

Protector shoots were won by the following: Lawton and Thompson shoot No. 1; Blevins and Rambo, shoot No. 2. Dirty Bird events were won by Rosser, Blevins and Lawton.

A monthly meeting will be held tonight at 7:30 at the trap range located at the intersection of Route 7 and the Elkton road. It is open to visitors. The next shoot will be Wednesday night.

Pentagon Plans More Iron, Less Copper In Viet Conflict

WASHINGTON (AP)—The Pentagon wants to bombard Vietnam with more iron and less copper.

It's a matter of economics. Copper is more expensive than iron and the United States has been investing quite a lot of the metal around Southeast Asia in the form of artillery shells and small arms rounds.

Pentagon spokesmen say that in the case of larger shells—the 90mm, 105mm and 155mm—about two pounds of copper is expended per shot. Virtually all of this is in the shell's rotating band, which metallurgists believe can just as well be made of iron.

Lesser amounts of copper are used in small arms projectiles and in the internal works of artillery shells.

According to the Pentagon, U. S. forces in Vietnam fired roughly 15 million rounds of 90mm, and 155mm artillery shells between January 1966 and last May.

India's Famine May Continue Despite Rain

BODHIGAYA, India (AP) — Steady monsoon rains returned to Bihar State Monday for the first time in three years, but famine will continue in the area at least until the harvest late this year.

Emergency food programs for millions of persons are expected to continue into December. Although government sources have not confirmed any starvation deaths, relief workers estimate 10,000 such deaths in Bihar, eastern Uttar Pradesh, northern Madhya Pradesh and two areas of West Bengal.

Newell Routs Foe

Newell routed Hookstown, 22-2, in a South Side Junior League game Monday. Rick Nicely and Anthony Lane led Newell with four hits each. Dan Williams was the winning pitcher, limiting Hookstown to three hits and fanning 13 batters.

Strike Bill Backed

Today In History

By The Associated Press

Today is Tuesday, July 18, the 199th day of 1967. There are 166 days left in the year.

Today's highlight in history: On this date in 1940, President Franklin D. Roosevelt was nominated unanimously for a third term by delegates to the Democratic Convention in Chicago.

On this date: In 1914, the U.S. Army created an aviation section within the Signal Corps.

In 1932, the United States and Canada signed a treaty for the development of the St. Lawrence River into an ocean lane and power project. Opposition delayed actual construction until 1954.

In 1947, President Harry S. Truman signed the Presidential Succession Act.

In 1951, Jersey Joe Walcott knocked out Ezzard Charles in Pittsburgh to win the world heavyweight boxing championship.

In 1963, President John F. Kennedy asked Congress to im-

pose a tax on investments abroad to ease dollar drain.

In 1964, thousands of Negroes rioted in Harlem following the shooting of a Negro youth by a white policeman.

Ten years ago — French Premier Maurice Bourgess-Maury received a 280-138 vote of confidence from the French National Assembly on his call for special police powers to combat Algerian rebel terrorism in France.

Five years ago — Military leaders overthrew the government of Peru.

One year ago — Renewed violence wracked the Negro area of Hough on Cleveland's East Side.

Junior Editors Quiz on
GREENLAND

GREEN IS RARE IN GREENLAND.

GREENLAND

ICELAND

GULF STREAM

BUT ICELAND HAS PLENTY OF ICE

QUESTION: Why the name Greenland since it's covered with ice, and the name Iceland since it grows green grass?

ANSWER: In 982, the Norse chieftain, Eric the Red, landed on the southwest coast of Greenland and decided to establish a colony. He returned to Iceland and invented the name Greenland to tempt settlers to come to the new country. In those days, the climate was warmer and there were a few places where it was possible to farm. But it grew cold again in the 1300's and the Norse colony vanished. Nowadays, there is still a little grass on the extreme southern coast where some warmth is brought by a current from the Gulf Stream, but the greater part of the country is covered with an enormous ice sheet. If Greenland is the wrong name for this very cold country, Iceland is the right name for the island which lies to the east, for Iceland has enormous patches of snow and many glaciers due to the moist climate and low temperature. The southwestern coast is warmed by Gulf Stream currents. There is grass on that coast, with fine farms and fishing centers, as well as a modern city, Reykjavik.
